

SPANISH, B.A.

Saint Louis University students who major in Spanish at SLU gain a necessary asset in an increasingly globalized, complex world. Mastering Spanish as the demand for bilingual workers in the U.S. continues to rise gives graduates a competitive edge in education, health care, business, international relationships, government, cultural studies, social work and law enforcement. It also broadens one's horizons by increasing cultural awareness and global contacts.

Program Highlights

- The Spanish major at Saint Louis University prepares students for careers requiring Spanish proficiency or for graduate work in Spanish.
- With the help of a team of dedicated, experienced faculty members, instructors and mentors, Spanish majors focus on refining their language skills in Spanish, exploring the Hispanic cultural legacy through literature, linguistics and culture, gaining familiarity with Spanish within professional contexts (such as health care), and increasing their cultural and social sensitivity. Students are encouraged to study abroad; one option is Saint Louis University-Madrid. (<https://www.slu.edu/madrid/>)
- In the United States, Spanish has been present for more than five centuries, and it is currently the second most used language, spoken at home by about 43.4 million people and eight million students. By 2060, the U.S. is predicted to be the second largest Spanish-speaking country in the world, right after Mexico.
- Worldwide, Spanish is the second most spoken native language, after Mandarin Chinese, the third most used language on the internet, one of the six official languages of the United Nations – along with Arabic, French, English, Mandarin and Russian – and one of the official languages of the European Union. Spanish is spoken worldwide by almost 500 million native speakers on four continents and in twenty-one countries and 23 million students. By 2030, Spanish speakers will make up 7.5% of the world's population.
- Based on the growth of the Hispanic population and the increase of Spanish speakers worldwide, bilingual English-Spanish ability and cross-cultural understanding are valued assets within all fields but especially so within business, health care, government, education, cultural as well as international studies, social work and law enforcement. In addition, it is reported the need for foreign-language teachers will increase by 20% over the next 10 years in the U.S.

Program Notes

This roadmap is an example of how a four-year plan could work for a typical student. Advanced Placement exam scores, 1818 advanced college credit and transfer credit may change the roadmap. Also, the sequence of courses may vary according to the student's interests, goals, previous experience with the language and individual preferences.

This roadmap should not be used in place of regular academic advising and mentoring appointments. Students are encouraged to meet with their advisor and program mentors each semester. Faculty mentors in the Spanish program help majors make the most out of their learning experiences.

Students have several options to study abroad in a Spanish-speaking country, including SLU-Madrid (<https://www.slu.edu/madrid/>).

All requirements are subject to change.

Madrid

Saint Louis University offers a singular opportunity for you to earn a Bachelor of Arts in Spanish in Madrid where you'll be totally immersed in the language, culture and literature of the Hispanic World.

The quality of Spanish courses at SLU-Madrid is incomparable to any Spanish course I've experienced in the United States. I feel my Spanish knowledge and speaking ability have improved exponentially from my two semesters here, and it is particularly rewarding to be able to use that education outside of the classroom in everyday life living in Madrid as well!"

- Anji Cooper

Curriculum Overview

The Bachelor of Arts in Spanish requires 120 credits, which includes 33 credits of Spanish coursework. You'll be required to complete 18 credits of literature or advanced Spanish language study.

The Bachelor of Arts in Spanish at SLU-Madrid focuses on advanced language training, culture and literary studies. A major, double major or

a minor in Spanish is a popular choice for students considering careers in law, science, political science, international business, economics, international relations, history, psychology or education, areas in which language proficiency is highly valued.
